## 1. EOI Motive & Scope:-

- Surat Municipal Corporation (SMC) operates a diverse fleet of vehicles requiring various types of tyres for their upkeep. As part of the tyre replacement process under warranty, SMC seeks a bidder who can manage the replacement of tyres under warranty in accordance with the Original Equipment Manufacturer (OEM) norms
- The successful bidder will be responsible for initiating and completing the tyre replacement process, including any necessary procedures as per OEM guidelines
- Corporation won't pay in anything in advance. Instead, the bidder will manage the entire process of tyre supply and replacement, including transport and other associated charges. The Corporation will make the final payment after the completion of the replacement process
- The bidder may consolidate all charges, including transport, late payment handling, and other related expenses, into a single "Administrative Charge." which will be based on a percentage of the replacement value of tyre which determined by the pro-rata value set by the company for tyre replacement
- The Corporation will select the bidder who offers the lowest administrative charge for handling the tyre replacement process, while ensuring timely and efficient service. The bidder must also demonstrate the ability to provide a seamless service in line with the requirements set forth in this EOI.
- So At the end of the process, the bidder will receive payment for the tyre replacement, which will be based on the pro-rata value determined by the company. This value will be paid by the bidder to the OEM on behalf of the Corporation. Additionally, the bidder will receive an administrative charge, calculated as a percentage of the tyre replacement value.

Example:

Suppose

Tyre Replacement Value (Pro-Rata Value):

The company has determined that the pro-rata value for replacing a specific tyre is ₹100/-.

Payment to OEM:

The bidder will pay ₹100/- to the OEM on behalf of the Surat Municipal Corporation for the replacement of the tyre.

Administrative Charge:

The bidder charges an administrative fee of 5% of the tyre replacement value (₹100/-).

Administrative Charge = ₹100/- × 5% = ₹5/-.

Total Payment to Bidder:

After completing the tyre replacement process, the bidder will receive the total payment from the Corporation:

Payment to Bidder = ₹100/- (to OEM) + ₹5/- (administrative charge) = ₹105/-.

i.e. The bidder pays the ₹100/- to the OEM for the tyre replacement on behalf of the Corporation. The bidder then receives the ₹105/- total from the Corporation, which includes both the tyre replacement value and the administrative charge.

## 2. Details of Work to be carried out & the Items/parts to be supplied:-
