

### Department wise list of Faculty Members

Department	Name of the faculty Qualification IMR Number	Current Designation & Date of promotion	Nature of employment (Regular/permanent or contract/outso urced)	Details of Service in the Last 5 years					Number of lectures taken/year. Topics covered
				2017	2018	2019	2020	2021	
General Surgery	Dr. Jitendra R. Darshan MS (General Surgery)	Professor 06/03/2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients, in covid- 19 pandemic last two years done covid duty. since August-21 as I/c Dean of institute.					20 General Surgery
	Dr. Archana Nema MS (General Surgery)	Addi. Professor 07/03/2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Harish D. Chauhan MS (General Surgery)	Addi. Professor 07/03/2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Dinesh Prasad MS (General Surgery)	Addi. Professor 07/03/2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Hiren P. Vaidya MS (General Surgery)	Asso. Professor 05/01/2006	contract	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Miteshkumar Trivedi MS (General Surgery)	Asso. Professor 13/4/2016	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Rajesh Chandnani MS (General Surgery)	Asso. Professor 15/10/2020	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Vipul V. Trivedi MS (General Surgery)	Assi. Professor 13/08/2010	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Gaurav S. Agrawal MS (General Surgery)	Asso. Professor 09/10/2021	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.					20 General Surgery
	Dr. Yogeshkumar N.	Assi.	Permanent	UG/ PG teaching and clinics, research work,					20

	Satani MS (General Surgery)	Professor 13/4/2016		surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	General Surgery
	Dr. Jignesh savsaviya MS (General Surgery)	Assi. Professor 08.03.2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery
	Dr. Dipak Varia MS (General Surgery)	Assi. Professor 08.03.2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery
	Dr. Vipul Lad MS (General Surgery)	Assi. Professor 24/04/2017	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery
	Dr. Jenish Modi MS (General Surgery)	Assi. Professor 02/08/2019	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery
	Dr. Daxesh Patel MS (General Surgery)	Assi. Professor 07/08/2019	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery
	Dr. Taral Chaudhari MS (General Surgery)	Assi. Professor 09/10/2021	Permanent	UG/ PG teaching and clinics, research work, surgery clinical works for OPD, IPD patients in covid- 19 pandemic last two years done covid duty.	20 General Surgery

**ANNEXURE - I**

<b>Sr. No</b>	<b>Faculty Name</b>	<b>Publication in Vancouver Referencing Style</b>	<b>Pubmed Indexed Yes/No</b>	<b>Scopus</b>
<b>1</b>	Dr. Jitendra R. Darshan	Comparative study of skin staples and polypropylene sutures for securing the mesh in lichenstein's tension free inguinal hernia repair: A prospective randomized controlled clinical trial		
		A prospective series case study of pyogenic liver abscess: Recent trends in etiology and management		
		An intervention study of autologous fat transfer for scar tissue rejuvenation in our setup		
		A study of surgical approach to typhoid ileal perforation at tertiary care hospital of south Gujarat, India		
		Digital gangrene I patients with sepsis		
		A study on Comparison of Retromuscular Prefascial Placement of Mesh Versus Other Methods of Mesh Placement in Repair of Ventral Hernias		
		Early enteral feeding versus nil by mouth after intestinal resection and anastomosis : a study of 60 cases.		
<b>2</b>	Dr. Archana Nema	Comparison Study of Single Layer versus Double Layer Anastomosis in Bowel Surgery in Western India		
		A Study of Complications and outcome of hypospadias repair at a tertiary care hospital of South Gujarat, India		
		A study of approach to typhoid ileal perforation at a tertiary care hospital of South Gujarat, India		
		Digital gangrene in patients with sepsis		
		Urachal Mucinous Cystadenoma of Undertermind Malignant Potential A rare case Report		
		Fibrodenoma Regression in response to centchroman		
<b>3</b>	Dr. Harish D. Chauhan	Comparing Possum Score with Surgeons gut feeling in predicting post operative Morbidity: A Study of 900 Cases		
		A case report - Paraduodenal Hernia		
		A study to compare pulp score, ASA score and boey score for predicting mortality in patients with perforated peptic		
		Operative interventions in post acid ingestion gastric outlet obstruction: A single institute study		
		Is prophylactic drainage of peritoneal cavity after exploratory laprotomy necessary? : A case study		
		Commonest organisms and antibiotic sensitivity in peritonitis due to duodenal ulcer perforation		
		Isolated pancreatic tuberculosis masquerading as pancreatic cancer		
		Isolated complete pancreateic transection following blunt abdominal trauma		

		Laparoscopic bilateral inguinal hernia repair with vasectomy		
		Sutureless circumcision: wound closure after circumcision with cyanoacrylate glue - observational study		
		A Comparative study of standard lap and lap with closure of defect in the laparoscopic management of incisional hernias		
		Comparative study between cyanoacrylate glue and nonabsorbable suture for mesh fixation in lichtenstein inguinal hernia repair		
		Role of conservative management in penetrating abdominal injury		
		Comparative study open VS Preperitoneal Meshplasty for repair of incisional hernia		
		A study of single dose of antibiotic in inguinal hernia repair		
		A study of presentation and management of 60 cases of complicated amoebic liver Abscess		
		Comparative study between platelet rich plasma VS conventional dressing in healing of chronic foot ulcer in diabetic patients - a prospective randomized control trial		
		A study of Laparoscopic repair of abdominal incisional hernias		
		Single - incision multi-port laparoscopic cholecystectomy a comparison of post operative pain after cholecystectomy : Conventional versus SILS		
		Single - Incision Multi-port Laparoscopic appendectomy		
		Surgical site infection in a tertiary care centre-an overview - a cross sectional study		
		Effect of Intra-Abdominal Absorbable sutures on surgical site infection		
		Comparative study of laparoscopic surgery and open surgery in regards to surgical- site infections		
		A comparative study of rubber band ligation and flavonoids (Daflon) in the treatment of haemorrhoids		
		Clinicopathological study and management of liver abscess in tertiary care center		
		Three port versus four port laparoscopic cholecystectomy: a prospective comparative clinical study		
		Preoperative prediction on Difficult Laparoscopic Cholecystectomy		
		Case of Perianal stab injury: A review of Unusual case		
		Early endoscopy of Oesophagus, stomach and Duodenal bulb in patients presenting with Dyspepsia		
		Comparative study of early outcome and complication of laparoscopic VS open repair for perforated Duodenal Ulcers		
4	Dr. Dinesh Prasad	Intrahepatic Bile Duct rupture of Hydatid cyst: A rare but severe complication		
		Evaluation of recurrence and postoperative pain in laparoscopic inguinal hernia repair with mesh fixation versus without mesh fixation		
		Diagnostic Value of upper gastrointestinal endoscopy prior to elective laparoscopic cholecystectomy for symptomatic cholelithiasis International Surgery Journal Volume -05 - Issue - January 2018		
		Suture Haemorrhoidopexy and its short - term outcome		

	Two port mini Laparoscopic Cholecystectomy Compared With Standard Four - Port Laproscopic Cholecystectomy.		
	Evaluation of early outcome and complications of Lap TARM.		
	Two port mini Laparoscopic Cholecystectomy and its outcomes in 33 patients.		
	Outcome of Vats in Management of Empyema Thoracis		
	Hemoperitoneum: Conservative Vs Operative approach		
	Evaluation of Outcome of Various Operative Procedures for Non Traumatic Ileal Perforation		
	A rare case of left sided trans-mediastinal herniation of right lung, its management and review of literature		
	Laparoscopic floppy Nissen fundoplication: evaluation of outcome in 34 patients operated without prior oesophageal pH and manometry		
	Laparoscopic pyelolithotomy: its current place in the management of renal pelvis stones		
	A rare case of supernumerary kidney with crossed fused ectopia kidney		
	Conservative Management of Perforated Peptic Ulcer		
	An Observational Study of Laproscopic Transanal Suture Rectopexy		
	A Comparative Study of Laparoscopic Suture Rectopexy andLaparoscopic trans Anal Suture Rectopexy		
	A rare case of primary pulmonary Hodgkin's lymphoma		
	A Study of Outcome and Complications of Emergency Inguinal Herinas Repair		
	Newly Detected Pulmonary Koch"s in Covid 19 Patient;A rare Case report		
	Laparoscopic orchidopexy and its outcome in the management of nonpalpable testis		
	A Study of Single sight two Port Laparoscopic appendectomy for its feasibility, advantages and disadvantages		
	A study of incidence of inguinodynia in inguinal hernias repair at tertiary center		
	Subcutaneous Emphysema, Mediastinal Emphysema and Pneumothorax in SARS-CoV-2 Pneumonia Patient with Co-Morbidity -Rare Case Report		
	Comparative study of outcome and complications of surgical management of benign gastric outlet obstruction		
	Concurrent development of testicular seminoma in undescended testis and retroperitoneal embryonal carcinoma presetting as a paraaortic mass: A case report and review of literature about pathogenesis of germ cell tumours		
	Laproscoptic Guided Needle Assisted Congenital Hernia Repair : Technique and Outcome		
	Modified Mucorectopexyand its short- term outcome : A Case Series		
	Laprosopic Pyeloplasty: Techinique, Morphological and Functional Outcome in Uretero- Pelvic Junction Obstruction		
	Double Setion in the Management of Complex Anal Fistulas : A Novel Approach		

		Comparative Study Of Outcomes of Coring, Dual Seton and Ligation of Intersphincteric Fistula Tract ( Lift) Procedure in Management of High Fistula - In - Ano		
		Comparison of Laproscopic VS Open Hydatid Cyst Deroofing and Omentoplasty		
		Sutures Hemorrhoidopexy VS Open Hemorrhoidectomy: Comparison of Post Operative Complications and outcome		
		Suture Haemorrhoidopexy VS open hemorrhoidectomy : Comparison of post operative complications		
		A Prospective study of outcome of double pigtail catheter drainage in the management of liver abscess: Anallysis of outcome		
		Extrapulmonary manifestations of COVID-19 patient presentin with abdominal pain and skin jesions as primary symptoms		
		Study ofshort term and long term outcome of laparoscopic choledochodudenostomy		
		Removal of retained intrathoracic foreign body after penetrating chest troma: New insight		
5	Dr. Hiren P. Vaidya	Comparing Possum Score with Surgeons gut feeling in predicting post operative Morbidity: A Study of 900 Cases		
		Occurrence of Obstruction After stoma creation		
		A Study to evaluate pain relief and pancreatic function after lateral pancreaticojejutomy for chornic pancreatitis		
		A Prospective Study for Comparison of Lichtensteni's tension free ope Inguinal Hernia Repair Versus Laparoscopic Inguinal Hernia Repair		
		Comparison of extracorporeal Laparoscopic Assisted Appendetomy with CONventional Laparoscopic Appendectomy in Uncomplicated Cases of Appendicitis		
		Agenesis of Gall Bladder		
		A Study of Optimum Timing of Laparoscopic Cholecystectomy in Patients Presenting with Acute Cholecystitis		
6	Dr. Miteshkumar Trivedi MS (Genral Surgery)	1. DIGITAL RECTAL EXAMINATION, TRANSRECTAL ULTRASOUND AND PROSTATE SPECIFIC ANTIGEN AS ATRIPPLE ASSESMENT DIAGNOSTIC TOOL FOR BENIGN ENLARGEMENT OF PROSTATE		
		2. DEMOGRAPHIC DISTRIBUTION, CLINICAL PRESENTATIONS AND SITES OF INVOLVEMENT IN INTESTINAL TUBERCULOSIS: A STUDY OF 50 CASES		
		3. SOCIODEMOGRAPHIC AND CLINICAL PROFILE OF MESENTERIC LYMPHADENITIS AT TERTIARY CARE HOSPITAL		
		4. EARLY ENTERAL FEEDING VERSUS NIL BY MOUTH AFTER INTESTINAL RESECTION AND ANASTOMOSIS: A STUDY OF 60 CASES		
		5. EFFECTIVENESS OF MANNHEIM PERITONITIS INDEX (MPI) IN PREDICTING THE OUTCOME IN PATIENTS WITH SECONDARY PERITONITIS		
		6. LIVER ABSCESS: AN OBSERVATIONAL STUDY OF CLINICAL PRESENTATION AND ITS		

		MANAGEMENT		
		7. A STUDY OF CLINICOPATHOLOGICAL STATUS AND VARIOUS MODALITIES OF TREATMENT FOR DIABETIC FOOT		
7	Dr. Rajesh Chandnani	Incidence of Chronic Groin Pain in Patients Undergoing Lichtenstein's Hernioplasty		
8	Dr. Vipul V. Trivedi MS (Genral Surgery)	1. Non operative Management VS Operative Management of Splenic injury After Blunt Trauma		
		2. Prevalence of Various types of Urolithiasis in Tertiary Centre of South Gujarat And Assessment of Effectiveness of Dietary Measures in The Prevention of Recurrence of Various types of Urolithiasis		
		3. Omental evisceration after Cesarean Section: Safety of Peritoneal Nonclosure Technique		
		4. A Study of Caecal Perforation in Cases of Ruptured Liver Abscess		
		5. Anorectal Malformations Associated with Oesophageal Atresia in Neonates		
9	Dr. Gaurav S. Agrawal	Evaluation of the efficacy, safety and cost effectiveness of liga clips in laparoscopic cholecystectomy		
		The efficacy ,safety & outcomes of laparoscopic pyelolithotomy ( Retroperitoneo-sopic) and its comparison with percutaneous nephrolithotomy		
		A Study to evaluate clinic-pathology and management of diabetic foot		
11	Dr. Jignesh savsaviya	Clinical study and surgical management of renal stone by PCNL		
		Study of a high risk group of stage 2 colon cancer		
		Comparative study of efficacy of medical (tamsulosin + dutasteride) with surgical (TURP) management in BPH		
		Abdominal surgical site infection occurrence & risk factor in Krishna institute of medical sciences		
		Knowledge of basic life support among the nursing staff and students of KIMSDU		
		Early Endoscopy of Oesophagus, stomach and duodenal bulb in patients presenting with dyspepsia		
		A study of laparoscopic repair of abdominal incisional hernias		
		Three port versus four port laparoscopic cholecystectomy: a prospective comparative clinical study		
		Comparative study of therapeutic of conservative management and ultrasound guided pigtail drainage of amoebic liver abscess		
		Diagnostic roll of endoscopy in upper gastrontestinal diseases		
Comparative study of early outcome and complication of laparoscopic VS open repair for perforated Duodenal Ulcers				
13	Dr. Vipul Lad	LIVER ABSCESS: AN OBSERVATIONAL STUDY OF CLINICAL PRESENTATION AND ITS MANAGEMENT
